## DOMINION OF CANADA.

### CHAMBER OF THE SENATE,

OTTAWA, Thursday, 13th February, 1902.

This day, at THREE o'clock P.M., HIS EXCELLENCY THE GOVERNOR GENERAL proceeded in state to the Chamber of the Senate, in the Parliament Buildings, and took his seat upon the Throne. The Members of the Senate being assembled, His Excellency was pleased to command the attendance of the House of Commons, and that House being present, His Excellency was pleased to open the SECOND SESSION of the NINTH PARLIAMENT OF THE DOMINION OF CANADA, with the following Speech :—

*Honourable Gentlemen of the Senate:*

*Gentlemen of the House of Commons:*

In meeting you again at the commencement of another session of Parliament, it is my first duty to express the deep sense of our gratitude to Divine Providence for the many blessings which Canada has received during the past year, and particularly for the exceptionally bountiful harvest in Manitoba and the North-west Territories.

It was very gratifying to note the cordial reception tendered by all classes of the people, to the Prince and Princess of Wales, on the occasion of their visit in

## PUISSANCE DU CANADA.

### SALLE DU SÉNAT,

OTTAWA, jeudi, 13 février 1902.

Aujourd'hui, à TROIS heures P.M., SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL s'est rendu, avec le cérémonial ordinaire, à la Salle du Sénat, dans l'édifice du Parlement, et a pris son siège sur le Trône. Les membres du Sénat s'étant assemblés, il a plu à Son Excellence d'y faire requérir la présence de la Chambre des Communes, et cette Chambre s'y étant rendue, Son Excellence a ouvert la DEUXIÈME SESSION du NEUVIÈME PARLEMENT DE LA PUISSANCE DU CANADA, par le discours suivant :—

*Honorables Messieurs du Sénat :*

*Messieurs de la Chambre des Communes :*

En vous revoyant, au début de cette nouvelle session du Parlement, je dois tout d'abord exprimer notre profond sentiment de gratitude envers la divine Providence pour les bénédictions qu'elle a prodiguées au Canada pendant l'année qui vient de s'écouler, et surtout pour la récolte exceptionnellement abondante dont elle a favorisé le Manitoba et les Territoires du Nord-Ouest.

On a constaté avec beaucoup de satisfaction la cordialité de l'accueil fait par toutes les classes du peuple au prince et à la princesse de Galles, lorsque, en

September and October last, the only regrettable feature being the limited time at their disposal, which prevented their visiting many important centres of population. It is however a great satisfaction to know that their Royal Highnesses enjoyed their tour through Canada and carried away the most pleasant recollections of their visit to this part of the Empire.

The assassination of President McKinley has elicited a universal feeling of sympathy and sorrow throughout the civilized world and, though Canada has happily so far been free from crimes of this character, the close proximity to the United States may make it advisable to join our efforts to the efforts of the United States and other nations and to provide by legislation for the adequate punishment of those who, either by speech or writing, incite fanatics to the perpetration of such horrible crimes.

The returns of the late census will be laid before you and, while the absolute increase in the number of population is not so great as might have been expected, the evidences of growth in wealth and in the general tokens of prosperous development are highly satisfactory. There is good reason also to believe that the increase of population during the latter half of the decade has been very greatly in excess of the average of former years and that in the near future we may look for a much more rapid growth than occurred during the period covered by the last two censuses.

Application having been made by the Canadian Pacific Railway Company for approval of an increase of its capital, to meet the demand for additional rolling stock and other improved facilities, for handling the growing traffic, my Ministers availed themselves of the opportunity to stipulate that the long pending question of the power of the Governor in Council to regulate the tolls of the Company should be submitted to the Courts for a judicial decision. The correspondence and other papers will be laid before you.

The inventor, Mr. Marconi, having met unexpected obstacles to the carrying on of his experiments in wireless ocean telegraphy in a sister colony, my Ministers deemed it expedient to invite him to continue his operations on the coast of Nova Scotia, and they availed themselves of his presence in Canada to enter into negotiations resulting in an arrangement through which, should the project prove as successful as is hoped for, the Government and people of Canada will enjoy the benefits of the invention on very favourable terms, including rates for transatlantic messages very much below those now existing.

I am pleased to inform you that the display made by Canada of her products, at the several expositions at which they have been exhibited during the last year has attracted much attention, and has already resulted in many inquiries and orders for our goods.

I may also congratulate you on the satisfactory condition of the revenue and on the steady and continuous expansion of the general business of the country as evidenced by the increased volume of exports and imports.

With the view of still further facilitating and developing our trade with other countries, it will probably

septembre et octobre derniers, ils ont visité notre pays. Tout ce qu'il faut regretter, c'est que le peu de temps dont ils pouvaient disposer ait privé de leur visite plusieurs groupes importants de notre population. Toutefois, et c'est une grande consolation que de le savoir, Leurs Altesses Royales ont beaucoup aimé leur voyage au Canada et ont emporté de leur visite en cette partie de l'Empire les plus agréables souvenirs.

L'assassinat du Président McKinley a provoqué des sympathies et des regrets universels. Bien que, par bonheur, il ne s'y soit pas encore commis de pareils crimes, le Canada est assez près des Etats-Unis pour qu'il nous soit peut-être bon de songer, avec eux et les autres nations, à faire des lois pour le juste châtiment de ceux qui, de vive voix ou par écrit, incitent les fanatiques à la perpétration de ces abominables crimes.

On vous présentera le rapport du dernier recensement. Si la population n'a pas augmenté autant qu'on aurait pu s'y attendre, le développement de notre richesse et de nos divers éléments de prospérité a atteint des proportions fort satisfaisantes. Il y a aussi lieu de croire que, dans la dernière moitié de la période décennale, l'augmentation de la population a dépassé de beaucoup la moyenne de l'augmentation qui s'était produite dans les années précédentes et que, à l'avenir, elle sera beaucoup plus considérable qu'elle ne l'a été durant la période représentée par les deux derniers recensements.

La Compagnie du chemin de fer du Pacifique Canadien ayant demandé la permission d'ajouter à son capital pour augmenter son matériel roulant et faire d'autres améliorations, de façon à pouvoir répondre aux exigences d'un trafic grandissant, mes Ministres en ont profité pour soumettre à la décision des tribunaux la question, depuis longtemps pendante, de savoir si l'Exécutif a le droit de réglementer les tarifs de la compagnie. On déposera devant vous la correspondance et les divers documents relatifs à ce point.

Vu les obstacles inattendus qu'il a subis dans une colonie sœur où il s'était proposé de faire l'essai de son système de télégraphie trans-océanique sans fil, mes Ministres ont cru devoir inviter M. Marconi, l'inventeur, à poursuivre ses expériences sur la côte de la Nouvelle-Ecosse et ont profité de son passage au Canada pour entamer avec lui des négociations qui ont abouti à un arrangement d'après lequel, si l'invention est couronnée de succès comme on l'espère, le gouverneman et le peuple canadiens en bénéficieront à des conditions très avantageuses, y compris la grande réduction des taux relatifs à l'envoi des dépêches transatlantiques.

Je suis heureux de vous faire remarquer que les produits exhibés par le Canada aux différentes expositions qui ont eu lieu l'année dernière ont beaucoup attiré l'attention et qu'il est déjà résulté de ce fait de nombreuses demandes de renseignements et de nombreuses commandes.

Je vous félicite de l'état satisfaisant du revenu et du ferme et progressif développement des affaires, dont on trouve la preuve dans le chiffre de plus en plus élevé des exportations et des importations.

On jugera probablement opportun d'augmenter le nombre de nos agences commerciales afin d'aider plus

be found expedient to increase the number of our commercial agencies, and Parliament will be asked to consider the desirability of making additional provision for that purpose.

I have also pleasure in informing you that the Governments of Australia and New Zealand have accepted an invitation from my Government to attend a conference in London next June for the consideration of trade, transportation, cable and other matters of inter-colonial concern, and it is hoped that the meeting may lead to an extension of Canadian Trade with those important portions of His Majesty's Dominions.

I have further to advise you that my Government, having caused inquiry to be made, has reached the conclusion that the establishment of direct steamship service with South Africa would enable Canada to secure in that country a profitable market for her varied products, and, to that end, will endeavour to arrange for such a service.

His Majesty has been graciously pleased to invite the Premier to be present at the ceremonies attending his Coronation. It is to be hoped that the presence of the leading statesmen of the several colonies upon this occasion will afford an opportunity for the discussion of subjects of mutual interest which may considerably affect the development of our trade and commerce in the near future, with the mother country and with our sister colonies.

*Gentlemen of the House of Commons:*

The public accounts for the last year and the estimates for the succeeding year will be laid before you without delay.

*Honourable Gentlemen of the Senate:*

*Gentlemen of the House of Commons:*

I commit the above matters and all others which may be submitted to you, to your earnest consideration, and I rely upon your wisdom and prudence to deal with them in the manner which, under Divine Providence, may prove most conducive to the best interests of Canada.

particulièrement au progrès de notre commerce avec les autres pays, et il sera demandé au parlement d'étudier si l'adoption de quelque disposition dans ce sens serait désirable.

J'ai aussi le plaisir de vous informer que le gouvernement d'Australie et celui de la Nouvelle-Zélande ont accepté, sur invitation de mon gouvernement, de se faire représenter à une conférence qui doit avoir lieu à Londres en juin prochain, et où il s'agira du commerce, des moyens de transport, de la pose de câbles sous-marins et d'autres questions concernant les rapports des colonies entre elles. On espère que ce congrès sera favorable au développement du commerce du Canada avec ces importantes parties des possessions de Sa Majesté.

Je dois aussi vous mentionner que, après avoir fait enquête à ce sujet, mon gouvernement en est arrivé à la conclusion qu'il assurerait dans l'Afrique australe un marché avantageux aux différents produits du Canada par l'établissement d'une ligne directe de steamers entre ce pays-là et le nôtre, ce qu'il va s'efforcer de faire.

Il a plu à Sa Majesté d'inviter le Premier Ministre aux cérémonies de son couronnement. Il est à espérer que la présence des principaux hommes d'Etat des colonies à ces fêtes donnera lieu à la discussion de sujets d'intérêt mutuel susceptibles d'affecter, dans un prochain avenir, le développement de notre commerce avec la mère-patrie et les diverses colonies de l'empire.

*Messieurs de la Chambre des Communes:*

On va soumettre dès à présent à votre examen les comptes publics de l'année dernière et les estimations budgétaires relatives à l'exercice actuel.

*Honorables Messieurs du Sénat:*

*Messieurs de la Chambre des Communes:*

Je laisse à votre sérieuse considération ces différentes questions et toutes autres qu'on pourra vous présenter, et j'espère que sous l'œil de la divine Providence, vous saurez vous inspirer de votre sagesse et de votre prudence pour les traiter conformément aux plus chers intérêts du Canada.

### CHAMBER OF THE SENATE,

OTTAWA, Thursday, 13th February, 1902.

This day, at THREE o'clock P.M., HIS EXCELLENCY THE GOVERNOR GENERAL proceeded in state to the Chamber of the Senate, in the Parliament Buildings, and took his seat upon the Throne. The Members of the Senate being assembled, His Excellency was pleased to command the attendance of the House of Commons, and that House being present, His Excellency was pleased to open the SECOND SESSION of the NINTH PARLIAMENT OF THE DOMINION OF CANADA, with the following Speech:—

*Honourable Gentlemen of the Senate:*

*Gentlemen of the House of Commons:*

In meeting you again at the commencement of another session of Parliament, it is my first duty to express the deep sense of our gratitude to Divine Providence for the many blessings which Canada has received during the past year, and particularly for the exceptionally bountiful harvest in Manitoba and the North-west Territories.

It was very gratifying to note the cordial reception tendered by all classes of the people, to the Prince and Princess of Wales, on the occasion of their visit in September and October last, the only regrettable feature being the limited time at their disposal, which prevented their visiting many important centres of population. It is however a great satisfaction to know that their Royal Highnesses enjoyed their tour through Canada and carried away the most pleasant recollections of their visit to this part of the Empire.

The assassination of President McKinley has elicited a universal feeling of sympathy and sorrow throughout the civilized world and, though Canada has happily so far been free from crimes of this character, the close proximity to the United States may make it advisable to join our efforts to the efforts of the United States and other nations and to provide by legislation for the adequate punishment of those who, either by speech or writing, incite fanatics to the perpetration of such horrible crimes.

The returns of the late census will be laid before you and, while the absolute increase in the number of population is not so great as might have been expected, the evidences of growth in wealth and in the general tokens of prosperous development are highly satisfactory. There is good reason also to believe that the increase of population during the latter half of the decade has been very greatly in excess of the average of former years and that in the near future we may look for a much more rapid growth than occurred during the period covered by the last two censuses.

Application having been made by the Canadian Pacific Railway Company for approval of an increase of its capital, to meet the demand for additional rolling stock and other improved facilities, for handling the growing traffic, my Ministers availed themselves of the opportunity to stipulate that the long pending question of the power of the Governor in Council to regulate the tolls of the Company should be submitted to the Courts for a judicial decision. The correspondence and other papers will be laid before you.

The inventor, Mr. Marconi, having met unexpected obstacles to the carrying on of his experiments in wireless ocean telegraphy in a sister colony, my Ministers deemed it expedient to invite him to continue his operations on the coast of Nova Scotia, and they availed themselves of his presence in Canada to enter into negotiations resulting in an arrangement through which, should the project prove as successful as is hoped for, the Government and people of Canada will enjoy the benefits of the invention on very favourable terms, including rates for transatlantic messages very much below those now existing.

I am pleased to inform you that the display made by Canada of her products, at the several expositions at which they have been exhibited during the last year has attracted much attention, and has already resulted in many inquiries and orders for our goods.

I may also congratulate you on the satisfactory condition of the revenue and on the steady and continuous expansion of the general business of the country as evidenced by the increased volume of exports and imports.

With the view of still further facilitating and developing our trade with other countries, it will probably be found expedient to increase the number of our commercial agencies, and Parliament will be asked to consider the desirability of making additional provision for that purpose.

I have also pleasure in informing you that the Governments of Australia and New Zealand have accepted an invitation from my Government to attend a conference in London next June for the consideration of trade, transportation, cable and other matters of inter-colonial concern, and it is hoped that the meeting may

lead to an extension of Canadian Trade with those important portions of His Majesty's Dominions.

I have further to advise you that my Government, having caused inquiry to be made, has reached the conclusion that the establishment of direct steamship service with South Africa would enable Canada to secure in that country a profitable market for her varied products, and, to that end, will endeavour to arrange for such a service.

His Majesty has been graciously pleased to invite the Premier to be present at the ceremonies attending his Coronation. It is to be hoped that the presence of the leading statesmen of the several colonies upon this occasion will afford an opportunity for the discussion of subjects of mutual interest which may considerably affect the development of our trade and commerce in the near future, with the mother country and with our sister colonies.

*Gentlemen of the House of Commons:*

The public accounts for the last year and the estimates for the succeeding year will be laid before you without delay.

*Honourable Gentlemen of the Senate:*

*Gentlemen of the House of Commons:*

I commit the above matters and all others which may be submitted to you, to your earnest consideration, and I rely upon your wisdom and prudence to deal with them in the manner which, under Divine Providence, may prove most conducive to the best interests of Canada.

(Circular.)

DOWNING STREET,

28th December, 1901.

SIR,—With reference to my circular despatch of the 25th August, 1900, enclosing copies of a Memorandum issued by the Board of Agriculture relating to the importation into Great Britain of dogs brought from abroad, I have the honour to acquaint you that the Board have informed me that, in view of the fact that rabies, whilst very prevalent abroad, is believed to have been finally eradicated in the United Kingdom, they have considered it a favourable opportunity to issue regulations which, although not differing in character from those at present in force in so far as they require all dogs landed from abroad to undergo a period of quarantine, yet lay down more specific and stringent rules on the subject, and I accordingly transmit to you for such publication in the Colony under your Government as you may think desirable, copies of the Importation of Dogs Order of 1901 and of a Memorandum thereon.

2. The Board have observed that the new Order will not have full effect prior to the 15th March next, and that in the meantime the landing of dogs other than performing dogs intended to be kept in this country will be authorized on conditions substantially the same as those which have hitherto obtained.

I have the honour to be,

Sir,

Your most obedient, humble Servant,

J. CHAMBERLAIN.

The Officer Administering  
the Government of Canada.

## DISEASES OF ANIMALS ACTS, 1894 AND 1896.

### IMPORTATION OF DOGS INTO GREAT BRITAIN.

On and after the 1st day of January, 1902, the landing in Great Britain of dogs from abroad will only be permitted subject to the provisions of the Importation of Dogs Order of 1901, which in effect requires that after the 15th of March next every imported dog shall be detained and isolated at the expense of its owner upon premises in the occupation or under the control of a veterinary surgeon for a period of six calendar months from the date of landing.

Until the 15th of March next dogs will be allowed to land upon conditions substantially the same as at present.

The disease of rabies having ceased to exist both in Great Britain and Ireland, it has become of the utmost importance that the most effective steps should be taken to prevent its re-introduction from abroad, and the Board have felt it incumbent upon them, in the interests of dog owners in this country, to amend their regulations in the manner above described, and to warn persons who may propose to travel that after the above mentioned date the isolation and detention of dogs on the private premises of their owners can no longer be sanctioned.

By the Dogs (Landing from Ireland) Revocation Order of 1901, the restrictions on the movement of dogs between Ireland and Great Britain have been removed.

T. H. ELLIOTT,  
Secretary.

Board of Agriculture,  
4 Whitehall Place,  
London, S.W., December, 1901.

## BOARD OF AGRICULTURE.

### IMPORTATION OF DOGS ORDER OF 1901.

The Board of Agriculture desire to draw the attention of Local Authorities and of the public generally to the provisions of this Order, which regulates the landing in Great Britain of dogs brought from any country except Ireland, the Channel Islands, or the Isle of Man.

This Order, which consolidates and amends the Importation of Dogs Order of 1897 and the Orders amending it, takes effect from the 1st of January, 1902, except as to Article 2 which is particularly referred to hereafter. It will be observed that no imported dog is allowed to be landed in Great Britain without a licence of the Board of Agriculture obtained previous to landing.

Until the 15th March next, the landing of dogs will be authorized under substantially the same conditions as to detention and isolation as have hitherto obtained. After the 15th March the landing of dogs will be subject to Article 2 of the Order, which expressly provides that every imported dog must be detained and isolated at the expense of its owner upon premises in the occupation or under the control of a veterinary surgeon, which shall have been previously approved in writing by the Board for that purpose, for a period of six calendar months, during which period the dog may not be moved from the place of detention except as provided in that Article. This Article does not apply in the case of an imported dog which is intended to be exported from Great Britain within forty-eight hours, or of a performing dog, with regard to the detention and isolation of which special conditions will be imposed by the licence authorizing its landing.

### CONDITIONS OF LICENCES.

The Board may insert in any licence granted by them authorizing the landing of an imported dog, such further conditions as they think necessary or desirable for prescribing and regulating the detention and isolation of the dog, upon the place of detention authorized in the licence, or for any of the purposes set forth in Article 3 of the Order.

Every dog which is brought to Great Britain from any other country except Ireland, the Channel Islands, or the Isle of Man, and which is not accompanied by a licence issued by the Board of Agriculture authorizing the landing of the dog in Great Britain must at all times while on board a vessel in any port in Great Britain be (a) secured to some part of the vessel by a collar and chain and muzzled with a wire cage muzzle so constructed as to render it impossible for such dog while wearing the same to bite any person or animal, but not so as to prevent such dog from breathing freely or lapping water; or (b) confined in an enclosed part of the vessel from which the dog cannot escape. And if any such dog die, or be lost from such a vessel, the person in charge of the dog is required forthwith to give notice of such death or loss to the Board.

The Memorandum A 160/A as to the Importation of Dogs into Great Britain from abroad, dated the 8th August, 1900, will cease to have effect when Article 2 of this Order comes into operation.

In order that as little inconvenience as possible may be caused in the enforcement of the Order, the Board trust that local authorities will assist them by taking steps to make its contents known as widely as possible in their districts.

T. H. ELLIOTT,  
Secretary.

## IMPORTATION OF DOGS ORDER OF 1901.

The Board of Agriculture, by virtue and in exercise of the powers in them vested under the Diseases of Animals Acts, 1894 and 1896, and of every other power enabling them in this behalf, do order, and it is hereby ordered, as follows :

*Restriction on Importation of Dogs.*

1. An imported dog, that is to say, a dog brought to Great Britain from any other country, except Ireland, the Channel Islands and the Isle of Man, shall not be landed in Great Britain unless its landing is authorized by a licence of the Board previously obtained, and when landed it shall be subject to the provisions of this Order, and to the conditions inserted in any licence authorizing its landing.

*Detention and Isolation of Imported Dogs.*

2. (1.) An imported dog shall, for a period of six calendar months after its landing, be detained and isolated at the expense of its owner upon premises in the occupation, or under the control, of a veterinary surgeon, which shall have been previously approved in writing by the Board for that purpose, and such premises are in this Order referred to as the "place of detention."

(2.) During the said period the dog shall not be moved from the place of detention except to another place of detention or to a vessel for exportation, and in either case only with a licence of the Board authorizing such movement.

(3.) This Article shall not apply to (a) an imported dog which is shown to the satisfaction of the Board to be a bonâ fide performing dog ; or (b) to an imported dog which is intended to be exported from Great Britain within forty-eight hours after its landing ; but every such dog shall be subject to the other Articles of this Order.

(4.) This Article shall come into operation on the fifteenth day of March, one thousand nine hundred and two.

*Conditions of Licence.*

3. The Board may insert in any licence granted by them under this Order authorizing the landing of an imported dog such conditions as they think necessary or desirable for the following purposes :

(i) for prescribing and regulating the detention and isolation of the dog so far as the same is not prescribed and regulated by this Order ;

(ii) for prescribing the person by whom and the premises on which the dog shall be detained and isolated ;

(iii) for regulating the movement of the dog to the place of detention, or vessel for exportation, and for prohibiting or regulating its movement during a period of six calendar months after its landing, or until its exportation, as the case may be ;

(iv) for prescribing the confinement of the dog in a suitable hamper, crate, box, or other receptacle during the movement of the dog by railway, or along a highway or thoroughfare ;

(v) for prescribing the mode of isolation of the dog ;

(vi) for prescribing the muzzling of the dog ;

(vii) for prescribing the notice to be given of the death or loss of the dog, or of any matter arising in connection with the movement, detention, or isolation of the dog and the persons by whom and to whom the notice is to be given ; and

(viii) for prescribing the production of a licence for inspection by an officer of the Board, or constable, or officer of Customs.

*Notice of Detention in case of Illegal Landing.*

4.—(1.) Where an imported dog has been landed in contravention of this Order or of any Order hereby revoked, the Board, or an Inspector of the Board, may give notice to the owner or person in charge of the dog requiring that, within a time specified in such notice, the dog shall be moved (a) to a vessel for

exportation, or (b) to a place of detention for the purpose of detention and isolation in accordance with the provisions of such notice.

(2.) Such provisions may be inserted in the notice as the Board may think necessary or desirable for any of the purposes mentioned in the preceding article.

(3.) A notice under this article may, subject to any instructions issued by the Board, be given by an Inspector of the Local Authority.

(4.) If the owner or person in charge of the dog, after receipt of such notice, fails to move the dog as required by the notice, he shall be deemed guilty of an offence against the Act of 1894.

*Withdrawal of Licence in cases of Default.*

5.—(1.) If the owner or person in charge of an imported dog is convicted of an offence under this Order in relation to the dog, the Board, or an Inspector of the Board, may give notice to such owner or person in charge, requiring him to move the dog to a vessel for exportation within a time specified in such notice.

(2.) If the owner or person in charge of the dog, after receipt of such notice, fails to move the dog as required by the notice, he shall be deemed guilty of an offence against the Act of 1894.

*Re-landing prohibited of Imported Dogs moved to Vessels for Exportation.*

6. An imported dog which has been moved to a vessel for exportation in accordance with a licence or notice under this Order shall not be re-landed in Great Britain without a licence of the Board authorizing such landing.

*Seizure of Dogs in case of Default.*

7.—(1.) If an imported dog is not detained and isolated as required by this Order or by the conditions or provisions of any licence or notice thereunder, an Inspector of the Board may seize the dog and thereupon the Board shall detain and isolate it at the place of detention specified in the licence or notice, or any other place of detention selected by them, in accordance with the requirements of this Order or the said conditions or provisions.

(2.) If the owner of the dog does not, within ten days after the expiration of the period of detention specified in this Order or in the licence or notice, claim the said dog from the Board and pay to them their expenses of detaining and isolating the dog, the Board may destroy or otherwise dispose of the dog as they think expedient.

*Proceedings under Customs Act for Unlawful Landing.*

8.—(1.) If any person lands or attempts to land a dog in contravention of this Order, he shall be liable, under and according to the Customs Acts, to the penalties imposed on persons importing or attempting to import goods the importation whereof is prohibited by or under the Customs Acts, without prejudice to any proceedings against him under the Act of 1894 for an offence against that Act.

(2.) The dog in respect whereof the offence is committed shall be forfeited under and according to the Customs Acts in like manner as goods the importation whereof is prohibited by or under the Customs Acts.

*Detention of Dogs on Vessels in Port.*

9.—(1.) Every dog to which this article applies shall at all times while on board a vessel in any port in Great Britain be—

(a) secured to some part of the vessel by a collar and chain and muzzled with a wire cage muzzle so constructed as to render it impossible for such dog while wearing the same to bite any person or animal, but not so as to prevent such dog from breathing freely or lapping water ; or

(b) confined in an enclosed part of the vessel from which the dog cannot escape.

(2.) If any dog to which this Article applies shall die, or be lost from a vessel, in any port in Great Britain, the person in charge of the dog shall forthwith give notice of such death or loss to the Board.

(3.) The provisions of this Article shall apply to every imported dog which is not accompanied by a licence issued by the Board authorizing the landing of such dog in Great Britain.

*Extension of certain Sections of Diseases of Animals Act, 1894.*

10. Dogs shall be animals, and rabies shall be a disease, for the purposes of the following sections of the Act of 1894 (namely):

Section forty-three (powers of police);

Section forty-four (powers of inspectors);

Section fifty-six (unlawful landing);

and also for the purposes of all other sections of the said Act containing provisions relative to or consequent on the provisions of those sections and this Order, including such sections as relate to offences and legal proceedings.

*Local Authority to enforce Order.*

11. The provisions of this Order, except where it is otherwise provided, shall be executed and enforced by the Local Authority.

*Offences.*

12.—(1.) If a dog is landed in contravention of this Order, the owner and the charterer and the master of the vessel from which it is landed, and the owner of the dog, and the person for the time being in charge thereof, and the person causing, directing or permitting the landing, and the person landing the same, and the consignee or other person receiving or keeping it knowing it to have been landed in contravention as aforesaid, shall, each according to and in respect of his own acts and defaults, be deemed guilty of an offence against the Act of 1894.

(4.) If a dog is not secured, muzzled, or confined as required by this Order, or by the conditions or provisions of a licence or notice thereunder, the owner of the dog, and the person for the time being in charge thereof, and the master of any vessel on board which the dog is or has been carried to Great Britain, shall, each according to and in respect of his own acts and defaults, be deemed guilty of an offence against the Act of 1894.

(5.) If a person with a view to unlawfully evade or defeat the operation of this Order, or of the conditions or provisions of a licence or notice thereunder, allows a dog to stray, he shall be deemed guilty of an offence against the Act of 1894.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

WHEREAS the delay in the formation of ice, this winter, in the districts of the Maritime Provinces where smelt bag-net fishing is carried on, has tended materially to curtail the fishing season, thus restricting the operations of the fishermen and reducing the catch of smelts; and

Whereas it is believed that the condition of the fishery is such as to warrant an extension of the legal open season, —

Therefore the Governor General in Council, in virtue of the provisions of section 16 of The Fisheries Act, is pleased to order and does hereby order that paragraph (e) of section 9 of the General Fishery Regulations for Nova Scotia; paragraph (e) of section 9 of the General Fishery Regulations for New Brunswick; paragraph (e) of section 6 of the General Fishery Regulations for Prince Edward Island; and paragraph (e) of section 11 of the General Fishery Regulations for the Province of Quebec, all established 18th July, 1889, providing for the closing of the smelt bag-net fishing on the 15th day of February in each year shall be amended by extending the time during which such fishing may be carried on until midnight of the 28th February, 1902.

Such extension to apply only during the present year.

## AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 10th day of January, 1902.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

ON a Memorandum dated 3rd January, 1902, from the Minister of the Interior, representing that Mr. Joseph Fisher, of Millarville, N.W.T., has applied to purchase, under irrigation conditions, the following lands: —

South  $\frac{1}{2}$  Sec. 14 Tp. 20 Rge. 2 West 5th Mer.

South East  $\frac{1}{4}$  Sec. 12 Tp. 20 Rge. 2 West 5th Mer.

North  $\frac{1}{2}$  " " 20 " 2 "

which lands total 800 acres more or less.

The Minister states that the lands in question appear to be clear in the records of the Department of the Interior, but aggregate more than the area allowed by The Dominion Lands Act to be sold to any one individual.

The Minister therefore recommends that he be authorized, under subsection 2, of section 29, ch. 54 Revised Statutes of Canada, to sell the lands above mentioned to Mr. Fisher at the regulation price of \$3.00 an acre, upon the usual terms, subject to his obtaining, under the North West Irrigation Act, a license to divert water to irrigate these lands; and conditionally upon Mr. Fisher bringing fifty per cent of the lands purchased under irrigation.

The Committee submit the same for His Excellency's approval.

JOHN J. MCGEE,  
Clerk of the Privy Council

(18). JEDDORE HARBOUR—SOUTH COAST—POSITION OF RANGE LIGHTS.

The following sextant angles have been taken to fix the exact position of the front range light, described in notice to mariners No. 111 of 1901 :—

West tangent East head.....	0°	0'
Old Man rock.....	9	15
Jeddore rock light.....	12	30

It will, therefore, be safest to have the lights a little open on the port bow when passing Old Man rock, and a little open on the starboard bow when passing Bar point shoal in entering.

## (16) JUAN DE FUCA STRAIT APPROACH—CURRENTS.

With reference to the remarks on the currents prevailing on the western coast of Vancouver island, given on page 11 of British Columbia pilot, 2nd edition, 1898, and to the comments thereon contained in Canadian notice to mariners No. 40 of 1901, part ii, the Hydrographer of the Admiralty now states that recent observations obtained by Commander C. H. Simpson, H.M. surveying vessel "Egeria," whilst at anchor in various positions on Swiftsure bank during the month of July, 1901, show that, although the set of the surface water depends somewhat on tidal influence, the preponderating movement is in a westerly direction, from west, through north, to south.

Further observations are required before any detailed account can be given, but it is evident that

the statement that a southeasterly current prevails on the western coast of Vancouver island more or less throughout the year is erroneous.

The paragraph respecting the currents on page 11 of the above mentioned pilot will be amended in the next supplement.

## SALLE DU SÉNAT,

OTTAWA, jeudi, 13 février 1902.

Aujourd'hui, à TROIS heures P.M., SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL s'est rendu, avec le cérémonial ordinaire, à la Salle du Sénat, dans l'édifice du Parlement, et a pris son siège sur le Trône. Les membres du Sénat s'étant assemblés, il a plu à Son Excellence d'y faire requérir la présence de la Chambre des Communes, et cette Chambre s'y étant rendue, Son Excellence a ouvert la DEUXIÈME SESSION du NEUVIÈME PARLEMENT DE LA PUISSANCE DU CANADA, par le discours suivant :—

*Honorables Messieurs du Sénat :*

*Messieurs de la Chambre des Communes :*

En vous revoyant, au début de cette nouvelle session du Parlement, je dois tout d'abord exprimer notre profond sentiment de gratitude envers la divine Providence pour les bénédictions qu'elle a prodiguées au Canada pendant l'année qui vient de s'écouler, et surtout pour la récolte exceptionnellement abondante dont elle a favorisé le Manitoba et les Territoires du Nord-Ouest.

On a constaté avec beaucoup de satisfaction la cordialité de l'accueil fait par toutes les classes du peuple au prince et à la princesse de Galles, lorsque, en septembre et octobre derniers, ils ont visité notre pays. Tout ce qu'il faut regretter, c'est que le peu de temps dont ils pouvaient disposer ait privé de leur visite plusieurs groupes importants de notre popu-

lation. Toutefois, et c'est une grande consolation que de le savoir, Leurs Altesses Royales ont beaucoup aimé leur voyage au Canada et ont emporté de leur visite en cette partie de l'Empire les plus agréables souvenirs.

L'assassinat du Président McKinley a provoqué des sympathies et des regrets universels. Bien que, par bonheur, il ne s'y soit pas encore commis de pareils crimes, le Canada est assez près des Etats-Unis pour qu'il nous soit peut-être bon de songer, avec eux et les autres nations, à faire des lois pour le juste châtiement de ceux qui, de vive voix ou par écrit, incitent les fanatiques à la perpétration de ces abominables crimes.

On vous présentera le rapport du dernier recensement. Si la population n'a pas augmenté autant qu'on aurait pu s'y attendre, le développement de notre richesse et de nos divers éléments de prospérité a atteint des proportions fort satisfaisantes. Il y a aussi lieu de croire que, dans la dernière moitié de la période décennale, l'augmentation de la population a dépassé de beaucoup la moyenne de l'augmentation qui s'était produite dans les années précédentes et que, à l'avenir, elle sera beaucoup plus considérable qu'elle ne l'a été durant la période représentée par les deux derniers recensements.

La Compagnie du chemin de fer du Pacifique Canadien ayant demandé la permission d'ajouter à son capital pour augmenter son matériel roulant et faire d'autres améliorations, de façon à pouvoir répondre aux exigences d'un trafic grandissant, mes Ministres en ont profité pour soumettre à la décision des tribunaux la question, depuis longtemps pendante, de savoir si l'Exécutif a le droit de réglementer les tarifs de la compagnie. On déposera devant vous la correspondance et les divers documents relatifs à ce point.

Vu les obstacles inattendus qu'il a subis dans une colonie sœur où il s'était proposé de faire l'essai de son système de télégraphie trans-océanique sans fil, mes Ministres ont cru devoir inviter M. Marconi, l'inventeur, à poursuivre ses expériences sur la côte de la Nouvelle-Ecosse et ont profité de son passage au Canada pour entamer avec lui des négociations qui ont abouti à un arrangement d'après lequel, si l'invention est couronnée de succès comme on l'espère, le gouverneman et le peuple canadiens en bénéficieront à des conditions très avantageuses, y compris la grande réduction des taux relatifs à l'envoi des dépêches transatlantiques.

Je suis heureux de vous faire remarquer que les produits exhibés par le Canada aux différentes expositions qui ont eu lieu l'année dernière ont beaucoup attiré l'attention et qu'il est déjà résulté de ce fait de nombreuses demandes de renseignements et de nombreuses commandes.

Je vous félicite de l'état satisfaisant du revenu et du ferme et progressif développement des affaires, dont on trouve la preuve dans le chiffre de plus en plus élevé des exportations et des importations.

On jugera probablement opportun d'augmenter le nombre de nos agences commerciales afin d'aider plus particulièrement au progrès de notre commerce avec les autres pays, et il sera demandé au parlement d'étudier si l'adoption de quelque disposition dans ce sens serait désirable.

J'ai aussi le plaisir de vous informer que le gouvernement d'Australie et celui de la Nouvelle-Zélande

ont accepté, sur invitation de mon gouvernement, de se faire représenter à une conférence qui doit avoir lieu à Londres en juin prochain, et où il s'agira du commerce, des moyens de transport, de la pose de câbles sous-marins et d'autres questions concernant les rapports des colonies entre elles. On espère que ce congrès sera favorable au développement du commerce du Canada avec ces importantes parties des possessions de Sa Majesté.

Je dois aussi vous mentionner que, après avoir fait enquête à ce sujet, mon gouvernement en est arrivé à la conclusion qu'il assurerait dans l'Afrique australe un marché avantageux aux différents produits du Canada par l'établissement d'une ligne directe de steamers entre ce pays-là et le nôtre, ce qu'il va s'efforcer de faire.

Il a plu à Sa Majesté d'inviter le Premier Ministre aux cérémonies de son couronnement. Il est à espérer que la présence des principaux hommes d'Etat des colonies à ces fêtes donnera lieu à la discussion de sujets d'intérêt mutuel susceptibles d'affecter, dans un prochain avenir, le développement de notre commerce avec la mère-patrie et les diverses colonies de l'empire.

*Messieurs de la Chambre des Communes :*

On va soumettre dès à présent à votre examen les comptes publics de l'année dernière et les estimations budgétaires relatives à l'exercice actuel.

*Honorables Messieurs du Sénat :*

*Messieurs de la Chambre des Communes :*

Je laisse à votre sérieuse considération ces différentes questions et toutes autres qu'on pourra vous présenter, et j'espère que sous l'œil de la divine Providence, vous saurez vous inspirer de votre sagesse et de votre prudence pour les traiter conformément aux plus chers intérêts du Canada.

*Circulaire.*

DOWNING STREET,  
28 décembre 1901.

MONSIEUR,—Relativement à ma dépêche circulaire du 25 août 1900, renfermant copie d'un memorandum émis par le Conseil de l'Agriculture au sujet de l'importation dans la Grande-Bretagne de chiens venant de l'étranger, j'ai l'honneur de vous faire savoir que le conseil m'a informé que vu la conviction que la rage qui sévit encore à l'étranger est finalement extirpée du Royaume-Uni, l'occasion est favorable pour publier des règlements qui, tout en ne s'écartant point de ceux qui sont aujourd'hui en vigueur en tant qu'ils exigent que tous les chiens venant de l'étranger subissent une période de quarantaine, posent cependant des règles plus strictes et sévères sous ce rapport, et je vous transmets en conséquence pour être publiées dans la colonie que vous administrez, copies de l'arrêté concernant l'importation des chiens de 1901, et d'un memorandum s'y rattachant.

2. Le conseil a remarqué que le nouvel arrêté n'aura pas force d'exécution avant le 15 mars prochain, et dans l'intervalle les chiens destinés à rester dans ce pays pourront être débarqués aux mêmes conditions que celles qui ont existé jusqu'à présent.

J'ai l'honneur d'être,  
Monsieur,  
Votre très humble serviteur,  
J. CHAMBERLAIN.

A l'Administrateur  
du gouvernement du Canada.

## ACTES CONCERNANT LES MALADIES DES ANIMAUX, 1894 ET 1896.

### IMPORTATION DE CHIENS DANS LA GRANDE-BRETAGNE.

A compter du 1er jour de janvier 1902, le débarquement en la Grande-Bretagne de chiens venant de l'étranger ne sera permis qu'en vertu des dispositions de l'Arrêté de 1901 concernant l'importation des chiens, qui exige en substance qu'après le 15 de mars prochain, chaque chien importé sera détenu et isolé aux frais de son propriétaire sur des lieux occupés ou sous le contrôle d'un vétérinaire, pendant une période de six mois de calendrier à compter de la date du débarquement.

Jusqu'au 15 de mars prochain, les chiens pourront être débarqués aux mêmes conditions qu'à présent.

La maladie de la rage ayant cessé d'exister et dans la Grande-Bretagne et en Irlande, il est devenu de la plus haute importance que des mesures très effectives soient prises pour empêcher sa réintroduction de l'étranger, et le conseil a compris qu'il lui incombait, dans l'intérêt des propriétaires de chiens dans ce pays, de modifier ses règlements comme susdit, et d'avertir les personnes qui se proposeraient de voyager, qu'après la date ci-dessus mentionnée l'isolation et la détention de chiens sur la propriété privée de leurs propriétaires ne seront plus sanctionnées.

Par l'Arrêté de 1901 concernant le débarquement des chiens venant de l'Irlande, les restrictions concernant le mouvement des chiens entre l'Irlande et la Grande-Bretagne ont été abolies.

T. H. ELLIOTT,  
Secrétaire.

Conseil de l'Agriculture,  
4 Whitehall Place,  
Londres, S.W., décembre 1901.

## CONSEIL DE L'AGRICULTURE.

### ARRÊTÉ DE 1901 CONCERNANT L'IMPORTATION DES CHIENS.

Le Conseil de l'Agriculture désire attirer l'attention des autorités locales et du public généralement aux dispositions du présent arrêté qui réglemente le débarquement dans la Grande-Bretagne de chiens amenés de tout autre pays sauf l'Irlande, les îles de la Manche, ou l'île de Man.

Le présent arrêté qui refond et modifie l'Arrêté de 1897 concernant l'importation des chiens, et les arrêtés qui le modifient, devient exécutoire le 1er de janvier 1902, sauf quant à l'article 2 qui est plus particulièrement mentionné plus loin. L'on remarquera que nul chien importé ne peut être débarqué dans la Grande-Bretagne sans une licence du Conseil de l'Agriculture obtenue avant le débarquement.

Jusqu'au 15 de mars prochain, le débarquement des chiens sera autorisé, en substance, aux mêmes conditions quant à la détention et l'isolement qu'autrefois. Après le 15 de mars le débarquement des chiens sera assujéti à l'article 2 de l'arrêté, qui déclare expressément que chaque chien importé doit être détenu et isolé aux frais de son propriétaire sur des lieux occupés ou sous le contrôle d'un vétérinaire, qui auront été préalablement approuvés à cette fin par écrit du conseil, pour une période de six mois de calendrier, période durant laquelle le chien ne peut être sorti du lieu de détention qu'en la manière prévue par le dit article. Cet article ne s'applique pas dans le cas d'un chien que l'on se propose d'exporter de la Grande-Bretagne sous quarante-huit heures, ou d'un chien dressé, à l'égard desquels les conditions spéciales seront imposées par la licence qui autorise le débarquement.

### CONDITIONS DES LICENCES.

Le conseil peut insérer dans toute licence qui autorise le débarquement d'un chien importé, toutes autres conditions qu'il jugera nécessaires ou à propos pour réglementer la détention ou l'isolement du chien à l'endroit de détention autorisé dans la licence, ou pour aucune des fins annoncées dans l'article 3 de l'arrêté.

Chaque chien qui est amené à la Grande-Bretagne de tout pays autre que l'Irlande, les îles de la Manche, ou l'île de Man, et qui n'est pas accompagné d'une licence délivrée par le Conseil de l'Agriculture autorisant le débarquement du chien dans la Grande-Bretagne doit, tout le temps qu'il est à bord d'un vaisseau dans un port quelconque de la Grande-Bretagne, (a) être attaché à quelque partie du vaisseau au moyen d'un collier et d'une chaîne, et muselé par une muselière en fil métallique construite de manière à mettre le chien qui la porte dans l'impossibilité de mordre une personne ou un chien, mais non l'empêcher de respirer librement ou de laper de l'eau; ou (b) enfermé dans une partie du vaisseau d'où le chien ne peut s'échapper. Et si un tel chien meurt, ou est perdu de ce vaisseau, la personne en charge du chien est tenue d'avertir immédiatement le conseil de cette mort ou perte.

Le memorandum A 160 A concernant l'importation des chiens dans la Grande-Bretagne, de l'étranger, daté le 8 août 1900, cessera d'être exécutoire lorsque l'article 2 du présent entrera en vigueur.

Afin que la mise à exécution de l'arrêté cause le moins d'ennuis possible, le conseil espère que les autorités locales l'aideront à bien faire connaître ses dispositions dans leurs districts respectifs.

## ARRÊTÉ DU CONSEIL DE L'AGRICULTURE. (Daté 12 décembre 1901).

### ARRÊTÉ DE 1901 CONCERNANT L'IMPORTATION DES CHIENS.

Le Conseil de l'Agriculture, dans l'exercice des pouvoirs qui lui sont conférés par les Actes concernant les maladies des animaux, 1894 et 1896, et de tout autre pouvoir lui appartenant, ordonne, et il est par le présent ordonné, comme suit :—

#### *Restriction à l'importation des chiens.*

1. Un chien importé, c'est-à-dire un chien amené à la Grande-Bretagne de tout pays autre que l'Irlande, les îles de la Manche et l'île de Man, ne sera débarqué dans la Grande-Bretagne que si son débarquement est autorisé par une licence préalablement obtenue du conseil, et une fois débarqué il sera assujéti aux dispositions du présent arrêté et aux conditions insérées dans toute licence autorisant son débarquement.

#### *Détention et isolement des chiens importés.*

2.—(1) Un chien importé sera, pendant une période de six mois de calendrier après son débarquement, détenu et isolé aux frais de son propriétaire sur des lieux occupés ou contrôlés par un vétérinaire, préalablement approuvés à cette fin par écrit du conseil, et ces lieux sont appelés dans le présent arrêté "endroit de détention".

(2) Pendant la dite période le chien ne sera pas déplacé de l'endroit de détention sauf à un autre endroit de détention ou à un vaisseau pour exportation, et dans l'un ou l'autre cas qu'avec une licence du conseil autorisant ce déplacement.

(3) Le présent article ne s'appliquera pas (a) à un chien importé qui est reconnu par le conseil comme chien dressé ; ou (b) à un chien importé que l'on se propose d'exporter de la Grande-Bretagne sous quarante-huit heures après son débarquement ; mais chaque tel chien sera assujéti aux autres articles du présent arrêté.

(4) Le présent article deviendra exécutoire le quinzième jour de mars mil neuf cent deux.

#### *Conditions des licences.*

3. Le conseil pourra insérer, dans toute licence qu'il délivrera en vertu du présent arrêté autorisant le débarquement d'un chien importé, les conditions qu'il jugera nécessaires ou désirables pour les fins suivantes :—

- (i) prescrire et réglementer la détention et isolement du chien, en tant que la chose n'est pas prescrite et réglementée par le présent arrêté.
- (ii) désigner la personne qui détiendra le chien et l'endroit où il sera isolé ;
- (iii) réglementer le mouvement du chien à l'endroit de détention, ou le vaisseau pour l'exportation, et prohiber ou réglementer son mouvement pendant une période de six mois de calendrier après son débarquement, ou jusqu'à son exportation, selon le cas ;
- (iv) prescrire comment sera renfermé un chien dans un panier, boîte ou autre réceptacle pendant son transport par chemin de fer, ou le long d'un grand chemin ou route ;
- (v) prescrire le mode d'isolement du chien ;
- (vi) prescrire le musellement du chien ;
- (vii) prescrire l'avis à donner de la mort ou perte du chien, ou de toute chose provenant du déplacement, détention ou isolement du chien, et les personnes auxquelles l'avis sera donné, et qui le donneront ; et

(viii) prescrire la production d'une licence pour inspection par un officier du conseil, ou constable, ou officier des douanes.

#### *Avis de détention en cas de débarquement illégal.*

4.—(1) Lorsqu'un chien importé a été débarqué en contravention du présent arrêté ou de tout arrêté révoqué par le présent, le conseil, ou un inspecteur du conseil, pourra donner avis au propriétaire ou personne en charge du chien enjoignant que sous un délai spécifié dans cet avis, le chien soit transporté (a) à un vaisseau pour exportation, ou (b) à un endroit de détention pour y être détenu et isolé conformément aux dispositions de cet avis.

(2) Le conseil insérera dans l'avis les dispositions qu'il jugera nécessaires ou désirables pour les fins mentionnées au précédent article.

(3) Un avis en vertu du présent article pourra être donné par un inspecteur de l'autorité locale, sujet aux instructions données par le conseil.

(4) Si le propriétaire ou personne en charge du chien, après réception de cet avis, manque de déplacer le chien tel que requis par l'avis, il sera réputé coupable de contravention à l'Acte de 1894.

#### *Retrait de la licence, pour cause de défaut.*

5.—(1) Si le propriétaire ou personne en charge d'un chien importé est convaincu d'une contravention au présent arrêté relativement au chien, le conseil, ou un inspecteur du conseil, pourra donner avis à ce propriétaire ou personne en charge, l'enjoignant de transporter le chien à un vaisseau pour exportation dans un délai spécifié dans l'avis.

(2) Si le propriétaire ou personne en charge du chien, après réception de cet avis, manque de transporter le chien tel que requis par l'avis, il sera réputé coupable d'infraction à l'Acte de 1894.

#### *Défense de débarquer de nouveau les chiens importés transportés à des vaisseaux pour exportation.*

6. Un chien importé qui a été mis à bord d'un vaisseau pour exportation conformément à une licence ou avis en vertu du présent arrêté, ne sera pas débarqué de nouveau dans la Grande-Bretagne sans une licence du conseil autorisant ce débarquement.

#### *Saisie des chiens en cas de défaut.*

7.—(1) Si un chien importé n'est pas détenu et isolé tel que le veut le présent arrêté, ou tel que le prescrivent les conditions ou dispositions de toute licence ou avis en vertu d'icelui, un inspecteur du conseil pourra saisir le chien et là-dessus le conseil le détiendra et isolera à l'endroit de détention spécifié dans la licence ou avis, ou à tout autre endroit de détention choisi par lui, conformément aux exigences du présent arrêté, ou aux dites conditions ou dispositions.

(2) Si le propriétaire du chien ne le réclame pas sous dix jours après l'expiration de la période de détention spécifiée dans le présent arrêté ou dans la licence ou avis, et ne paie les frais de détention et d'isolement, le conseil pourra détruire ou autrement disposer du chien selon qu'il le croira bon.

#### *Poursuites en vertu des lois douanières pour débarquement illégal.*

8.—(1) Si quelqu'un débarque ou tente de débarquer un chien en contravention du présent arrêté, il se rendra passible, en vertu des lois douanières aux peines imposées aux personnes important ou tentant d'importer des marchandises dont l'importation est défendue par ou en vertu des Actes des douanes, sans préjudice de toutes poursuites contre lui en vertu de l'Acte de 1894 pour contravention à cet acte.

(2) Le chien à l'égard duquel l'infraction est commise sera confisqué en vertu des lois douanières comme le sont les marchandises dont l'importation est défendue par les lois douanières.

#### *Détention des chiens sur les vaisseaux dans le port.*

9.—(1) Chaque chien auquel s'applique le présent acte sera tout le temps qu'il sera à bord d'un vaisseau dans un port de la Grande-Bretagne—

(a) attaché à quelque partie du vaisseau au moyen d'un collier et d'une chaîne et muselé par une

muselière en fil métallique construite de manière à mettre le chien qui la porte dans l'impossibilité de mordre une personne ou un chien, mais non l'empêcher de respirer librement ou de laper de l'eau, ou

(b) enfermé dans une partie du vaisseau d'où le chien ne peut s'échapper.

(2) Si un chien auquel s'applique le présent article meurt, ou est perdu d'un vaisseau dans un port de la Grande-Bretagne, la personne en charge du chien avertira immédiatement le conseil de cette mort ou perte.

(3) Les dispositions du présent article s'appliqueront à chaque chien importé qui n'est pas accompagné d'une licence délivrée par le conseil autorisant le débarquement de ce chien dans la Grande-Bretagne.

*Application de certains articles de l'Acte concernant les maladies des animaux, 1894.*

10. Les chiens seront des animaux, et la rage sera une maladie dans le sens des articles suivants de l'Acte de 1894, savoir :—

Article quarante-trois (pouvoirs de police);

Article quarante-quatre (pouvoirs des inspecteurs);

Article cinquante-six (débarquement illégal);

et aussi dans le sens de tous les autres articles du dit acte contenant des dispositions relatives ou se rattachant aux dispositions de ces articles et du présent arrêté, y compris les articles qui se rapportent aux infractions et poursuites légales.

*Les autorités locales feront exécuter l'arrêté.*

11. Les dispositions du présent arrêté, sauf lorsque prescrit autrement, seront mises en force et exécutées par les autorités locales.

*Infractions.*

12.—(1) Si un chien est débarqué en contravention du présent arrêté, le propriétaire et l'affréteur et le capitaine du vaisseau d'où il est débarqué, et le propriétaire du chien et la personne qui en a alors charge, et la personne qui cause, dirige, ou permet le débarquement, et la personne qui le débarque, et le consignataire ou autre personne qui le reçoit ou garde sachant qu'il a été débarqué en contravention comme susdit, sera chacun, dans la mesure de ses propres actes et défauts, réputé coupable d'infraction à l'Acte de 1894.

(2) Si un chien est déplacé en contravention du présent arrêté, ou des conditions ou dispositions d'une licence ou avis en vertu d'icelui, le propriétaire du chien, et la personne qui en a alors charge, et la personne qui cause, dirige ou permet le déplacement, et la personne qui déplace le chien, et le consignataire ou autre personne qui le reçoit ou garde sachant qu'il a été ainsi déplacé en contravention comme susdit, et l'occupant de l'endroit d'où le chien a été déplacé, sera, chacun dans la mesure de ses propres actes et défauts, réputé coupable d'infraction à l'Acte de 1894.

(3) Si un chien n'est pas tenu isolé tel que le requiert le présent arrêté, ou tel que le prescrivent les conditions ou dispositions d'une licence ou avis en vertu d'icelui, le propriétaire du chien, et la personne qui en a alors charge, et l'occupant de l'endroit où ce chien est détenu, et la personne qui manque ou néglige d'isoler le chien, sera, chacun dans la mesure de ses propres actes, défauts ou omissions, réputé coupable d'infraction à l'Acte de 1894.

(5) Si une personne dans le but d'éluder illégalement ou empêcher l'opération du présent arrêté, ou des conditions ou dispositions d'une licence ou avis en vertu d'icelui, permet qu'un chien s'échappe, il sera réputé coupable d'infraction à l'Acte de 1894.

(6) Si le propriétaire ou personne en charge d'un chien manque de donner, produire, ou faire un avis,

licence ou chose que le présent arrêté, ou les conditions, ou dispositions d'une licence ou avis en vertu d'icelui, l'oblige de donner, produire ou faire, il sera réputé coupable d'infraction à l'Acte de 1894.

*Arrêtés révoqués.*

13.—(1) Les arrêtés décrits dans l'annexe du présent arrêté, sont par le présent révoqués à compter du commencement du présent arrêté : pourvu que cette révocation n'aura pas l'effet d'invalider ou de rendre illégal aucun acte fait en vertu d'un arrêté révoqué par le présent ni ne modifiera une licence ou autorité accordée, ou un droit, titre, obligation ou responsabilité acquis en vertu d'icelui avant le commencement du présent arrêté, ni ne gênera l'institution ou la poursuite de toute action au sujet d'une infraction commise à un arrêté révoqué par le présent, ou une amende encourue avant le commencement du présent arrêté.

(2) Une licence délivrée en vertu d'un arrêté révoqué par le présent, aura, dès et après le commencement du présent arrêté, le même effet que si elle avait été délivrée en vertu du présent arrêté, et pourra être mise à exécution en conséquence.

## DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, prennent du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

*Dans les provinces de Québec et du Manitoba.*

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

*Dans les autres provinces ou territoires.*

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de \$200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

(18). JEDDORE HARBOUR—SOUTH COAST—POSITION OF RANGE LIGHTS.

The following sextant angles have been taken to fix the exact position of the front range light, described in notice to mariners No. 111 of 1901:—

West tangent East head.....	0°	0'
Old Man rock.....	9	15
Jeddore rock light.....	12	30
East tangent West head.....	8	45

The back tower is N. 8° E., distant 850 feet from the front tower. These positions bring Old Man rock very close to the alignment on the port hand, and Bar point shoal very close to the alignment on the starboard hand, in entering.

It will, therefore, be safest to have the lights a little open on the port bow when passing Old Man rock, and a little open on the starboard bow when passing Bar point shoal in entering.

## BRITISH COLUMBIA.

## (16) JUAN DE FUCA STRAIT APPROACH—CURRENTS.

With reference to the remarks on the currents prevailing on the western coast of Vancouver island, given on page 11 of British Columbia pilot, 2nd edition, 1898, and to the comments thereon contained in Canadian notice to mariners No. 40 of 1901, part ii, the Hydrographer of the Admiralty now states that recent observations obtained by Commander C. H. Simpson, H.M. surveying vessel "Egeria," whilst at anchor in various positions on Swiftsure bank during the month of July, 1901, show that, although the set of the surface water depends somewhat on tidal influence, the preponderating movement is in a westerly direction, from west, through north, to south.

Further observations are required before any detailed account can be given, but it is evident that

the statement that a southeasterly current prevails on the western coast of Vancouver island more or less throughout the year is erroneous.

The paragraph respecting the currents on page 11 of the above mentioned pilot will be amended in the next supplement.

The more southerly buoy is on the southeastern shoulder of the shoal, south of the settlement.

## DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, prennent du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

*Dans les provinces de Québec et du Manitoba.*

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

*Dans les autres provinces ou territoires.*

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de \$200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

SAML. E. ST. O. CHAPLEAU,  
Greffier du Sénat.

## RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les clauses des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51a. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(a.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revues par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(b.) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(c.) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51b. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(a.) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(b.) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débiteures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,  
Greffier des Communes.

#### ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu.—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,  
Greffier des Communes.

#### SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district : autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

La pétition en obtention d'un bill de divorce n'est présentée que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de \$200.

La pétition, au moment de sa présentation, doit être accompagnée de la preuve de la publication d'avis, d'une déclaration qu'il a été signifié une copie de l'avis, et d'une copie du bill qui doit être présenté.

# NOTICE TO MARINERS.

No. 7 of 1902.

All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

## BRITISH COLUMBIA.

### (20.) BURRARD INLET—ENGLISH BAY—POSITION OF TELEGRAPH CABLE.

On 26th December, 1901, the S.S. "Aorangi" broke the telegraph cable in English bay, by fouling it with her anchor. Masters of vessels are requested on no account to anchor in its vicinity.

The position of the cable has been fixed by Captain C. H. Simpson, R.N., H.M. surveying ship "Egeria," and found to be as follows:—

It leaves the west shore of Stanley park at a point situated S. 58° E., 2,300 feet, from the most westerly point of the park, and first trends S. 27° W., 1,575 feet, where the following bearings fix it:—

Atkinson point lighthouse, N. 85° W.

West point of Stanley park, N. 26° W.

Southwest tangent of the City of Vancouver at point marked "Furniture factory," S. 64° E.

Hence it runs S. 82° W., 8,350 feet, to the following position:—

Northwest tangent of Grey point, S. 37½° W.

Atkinson point lighthouse, N. 80½° W.

Northwest tangent of Stanley park, N. 41° E.

Then S. 45° W., 6,230 feet, to the following position:—

Northwest tangent of Grey point, S. 32° W.

Atkinson point lighthouse, N. 64½° W.

Northwest tangent of Stanley park, N. 42° E.

Hence the cable trends S. 65° W. out of the bay.

Variation used is that of Adm. chart 922, viz.: 23° 25' easterly; but the actual variation is probably 27° E. Source of information: Report of Agent M. & F., Victoria.

### (21.) PORTIER PASS—ROMULUS ROCK—BUOY DISCONTINUED.

The black spar buoy established to mark Romulus rock (see Notice to Mariners No. 100 of 1901, part i) has disappeared, and, owing to the difficulty of keeping a buoy on this danger, will not be replaced.

## ALASKA.

### (22.) UNALASKA ISLAND—DUTCH HARBOUR APPROACHES—PROMINENT MARKS.

In the directions for approaching Dutch harbour, given in U.S. Hydrographic Office Notice to Mariners No. 47 (1339) of 1900, might be included as an additional landmark to westward of cape Cheerful and eastward of Wislow island, the remarkable formation of hills and valley which resembles a natural dry dock with three peaks in a line to southward on the western side, the hollowed part running almost north and south.

Wislow island and this dock formation are by far the best landmarks for Unalaska bay and can be easily identified, together with the ridgelike formation in the neighbourhood resembling a hand spread out with the fingers cut off, cape Cheerful being the stump of the thumb.

A very prominent landmark in coming from the eastward making from Dutch harbour is what appears to be a detached portion of one of the points on the northwest face of Akutan island, which shows open from about south (S. 18° W. true) to S. 22° W. (S. 40° W. true), with a narrow bright chasm and flat cylindrical form of the detached portion.

Variation: 18° E.

Source of information: Lieut. A. C. Dieffenbach, U.S.S. "Concord," through U.S.H.O. N. to M. No. 6 of 1902.

Admiralty charts affected: Nos. 1500, 2460, 2172 and 278.

### (23.) ALEUTIAN ARCHIPELAGO—RAT ISLANDS—KISKA BAY AND APPROACHES—GENERAL INFORMATION.

Great Kiska island lies in a position about five miles southwestward of the position shown on U.S.H.O. chart No. 55 and U.S. coast survey chart No. 9100, as as probably do the other islands of the Rat (Krysi) group, except Semisopochnoi. The general trend of the island is north-northeast and south-southwest, with a ridge of mountains as a backbone, the highest portion of which is at the northern end. The shores are hilly and rocky. The approximate position of North-east cape is latitude 52° 05' N. longitude 177° 37' E.

The north coast and the east coast, from North-east cape to Kiska bay, a distance of about 8 miles, is bold, but with numerous points and bays or indentations with outlying rocks to about a maximum distance of 1½ miles. The island appears covered with a green growth but there are no trees.

No very strong currents were encountered on the east coast. The tidal currents undoubtedly prevail, but not to the extent shown to the westward on the charts.

The approach either from Bering sea or the Pacific side should include the sighting of, and location of the ship by Semisopochnoi island and then standing to the northward and westward well clear of Chugal (Tchougoule) and other islands of the group.

The position of the reef shown on the charts between Chugal (Tchougoule) and Great Kiska islands, in about latitude 52° 8' N., longitude 177° 52' E., is believed to be correct. It should be avoided by keeping to the westward and approaching Kiska island rather from the north or a little to the west.

The large rock or small island off North-east cape is a good landmark. Give it berth of about 2 miles. From this position (latitude 52° 5' N., longitude 177° 40' E.) shape a course for the north point of Little Kiska island (latitude 51° 58' 30" N., longitude 177° 34' 40" E.) or a little to the westward. Run about 7½ miles S. 26° W. (S. 34° W. true).

Soundings should run from about 56 fathoms at departure with a rise to about 70 fathoms for about 3 miles, then gradually decrease to 25 fathoms abreast the point. The bottom is generally sandy and the holding ground good.

From this point run S. 55° W. (S. 63° W. true), 1½ miles, then N. 73° W. (N. 65° W. true), 1½ miles, gradually shoaling the water to the anchorage in about 10 fathoms, sandy bottom, rounding the point at the north entrance at a distance of about ¼ mile.

The north point of Little Kiska island is bold with deep water close-to and has a remarkable geological formation resembling that near Fingals cave, Scotland.

*Kiska harbour.*—There is little or no current in the harbour and no hidden dangers. The shore can be safely approached to 4 fathoms of water and the holding ground is good. The winds from southward and westward have fair sweep down the valley and over the marsh in the south-western part, but no strong williwaws were experienced.

Light tide rips were seen to the westward of Little Kiska and a tidal current sets north and south through the small pass marked not navigable on harbour plan 1501.

The south shore of the harbour has a fringe of rocks extending out about 100 yards in a general line, and landing from boats is sometimes difficult and dangerous.

There are no inhabitants, and the spot marked Old Village on C. S. chart No. 9191 could not be found. The astronomical observation spot could not be found, the place being covered with graves and rank vegetation and one underground Aleut hut. One of the grave posts had carved upon it with a knife "1891."

A number of cascades are located on the south shore, one of which, near the marsh, is particularly large and would give a fine supply of fresh water.

The whole region is covered with a coarse, heavy, deep grass and a foundation of tundra or thick Arctic moss. A species of berries and wild pea also abound and supply food for wild fowl.

The beaches are fine, black, volcanic sand, and there is sufficient driftwood for a moderate camp fire for about 48 hours.

Game is comparatively plentiful, teal duck, snipe, ptarmigan and wild geese having been found. Cod, halibut and flounders were caught in the harbour and salmon-trout of large size and excellent quality were found in the lake north of the harbour. A few seal were seen in the harbour and fox trails on shore.

Variation : Found to be 8° E. instead of 11½° E., as shown on the harbour chart.

A first order siren, operated by compressed air, has been established by the Government of Canada at the lightstation, on the north side of the entrance to Louisburg harbour, Atlantic coast of Cape Breton, which will be put in operation for the first time on the 18th instant.

#### (18). JEDDORE HARBOUR—SOUTH COAST—POSITION OF RANGE LIGHTS.

The following sextant angles have been taken to fix the exact position of the front range light, described in notice to mariners No. 111 of 1901:—

West tangent East head.....	0°	0'
Old Man rock.....	9	15
Jeddore rock light.....	12	30
East tangent West head.....	8	45

The back tower is N. 8° E., distant 850 feet from the front tower. These positions bring Old Man rock very close to the alignment on the port hand, and Bar point shoal very close to the alignment on the starboard hand, in entering.

It will, therefore, be safest to have the lights a little open on the port bow when passing Old Man rock, and a little open on the starboard bow when passing Bar point shoal in entering.

Cette prolongation n'est que pour la présente année seulement.

## DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, provenant du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

*Dans les provinces de Québec et du Manitoba.*

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

*Dans les autres provinces ou territoires.*

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant

la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de \$200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

Greffier du Sénat.  
JOHN GEORGE BOURINOT,

49. (c.) Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

## ORDRE PERMANENT.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

SAML. E. ST. O. CHAPLEAU,  
Greffier du Sénat.

51a. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(a.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été révisées par l'officier compétent, elles seront imprimées

#### INSTRUCTIONS, IMPERIAL ARMY ORDERS.

##### G. O. 17.

##### CARE OF TROOP HORSES.

The following digest of a Special Army Order dated 23rd December, 1901, is published for the information and guidance of the Militia:—

The Commander-in-Chief desires to draw the attention of all officers of mounted troops to the vital importance of taking proper care of their horses.

The efficiency of units during war is dependent upon the proper training of individuals during peace, and all officers of mounted branches must regard horse management as one of the most important of their regimental duties.

The abnormal losses in horses during the campaign in South Africa has been due partially to military necessity, partially to difficulties of transport and supply, scarcity of water, extremes of heat, and the influence of a long sea voyage and change of climate, but also a good deal to the inexperience of a large proportion of the men in the care of their mounts, and to injudicious management.

The following instructions should be impressed upon all :—

1. Men should never be kept mounted when they can equally perform a duty on foot, and if officers insist upon their men dismounting whenever possible when under their supervision, they will, from force of habit, do the same when on detached or orderly duty. When halting even for a few minutes, dismounting affords relief to both man and horse.

2. Vedettes will on occasions be able to keep a better look-out on foot than on horseback, whilst at the same time they would ease their horse and be less visible to the enemy.

3. On the line of march, when moving at a foot-pace, men should be frequently made to dismount and lead their horses.

4. Whenever the ground admits of it, troops should move on a wide front, and files should be opened out, to avoid dust, and allow of fresh air passing between them.

5. Officers commanding columns should regulate the pace to suit the slowest horse, or the slowest arm, with the column, and should study the ground to suit each branch. On a hard level road or down hill, draught horses will travel with less fatigue than cavalry, whereas a soft surface, especially sand, or a long up-hill incline, tries gun horses far more than cavalry. If horses have been kept going a little beyond their pace at a trot, they cannot effectually respond to the call on them for a gallop when speed is required.

6. The importance of frequent watering and feeding should be impressed on all. A horse's stomach is small, and he cannot digest large quantities of food at a time. If necessarily kept for long without food, or after exhausting work, the first feed should be small, and a larger feed given after a few hours' rest. (*Army Order No. 3 of 1902.*)

## NOTICE TO MARINERS.

No. 7 of 1902.

All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

## BRITISH COLUMBIA.

(20.) BURRARD INLET—ENGLISH BAY—POSITION OF TELEGRAPH CABLE.

On 26th December, 1901, the S.S. "Aorangi" broke the telegraph cable in English bay, by fouling it with her anchor. Masters of vessels are requested on no account to anchor in its vicinity.

The position of the cable has been fixed by Captain C. H. Simpson, R.N., H.M. surveying ship "Egeria," and found to be as follows:—

It leaves the west shore of Stanley park at a point situated S. 56° E., 2,300 feet, from the most westerly point of the park, and first trends S. 27° W., 1,575 feet, where the following bearings fix it:—

Atkinson point lighthouse, N. 85° W.

West point of Stanley park, N. 26° W.

Southwest tangent of the City of Vancouver at point marked "Furniture factory," S. 64° E.

Hence it runs S. 82° W., 8,350 feet, to the following position:—

Northwest tangent of Grey point, S. 37½° W.

Atkinson point lighthouse, N. 80½° W.

Northwest tangent of Stanley park, N. 41° E.

Then S. 45° W., 6,230 feet, to the following position:—

Northwest tangent of Grey point, S. 32° W.

Atkinson point lighthouse, N. 64½° W.

Northwest tangent of Stanley park, N. 42° E.

Hence the cable trends S. 68° W. out of the bay.

Variation used is that of Adm. chart 922, viz.: 23° 25' easterly; but the actual variation is probably 27° E.

#### (21.) PORTIER PASS—ROMULUS ROCK—BUOY DIS- CONTINUED.

The black spar buoy established to mark Romulus rock (see Notice to Mariners No. 100 of 1901, part i) has disappeared, and, owing to the difficulty of keeping a buoy on this danger, will not be replaced.

### ALASKA.

#### (22.) UNALASKA ISLAND—DUTCH HARBOUR APPROACHES—PROMINENT MARKS.

In the directions for approaching Dutch harbour, given in U.S. Hydrographic Office Notice to Mariners No. 47 (1339) of 1900, might be included as an additional landmark to westward of cape Cheerful and eastward of Wislow island, the remarkable formation of hills and valley which resembles a natural dry dock with three peaks in a line to southward on the western side, the hollowed part running almost north and south.

Wislow island and this dock formation are by far the best landmarks for Unalaska bay and can be easily identified, together with the ridgelike formation in the neighbourhood resembling a hand spread out with the fingers cut off, cape Cheerful being the stump of the thumb.

A very prominent landmark in coming from the eastward making from Dutch harbour is what appears to be a detached portion of one of the points on the northwest face of Akutan island, which shows open from about south (S. 16° W. true) to S. 22° W. (S. 40° W. true), with a narrow bright chasm and flat cylindrical form of the detached portion.

Variation: 18° E.

Source of information: Lieut. A. C. Dieffenbach, U.S.S. "Concord," through U.S.H.O. N. to M. No. 6 of 1902.

Admiralty charts affected: Nos. 1500, 2460, 2172 and 278.

#### (23.) ALEUTIAN ARCHIPELAGO—RAT ISLANDS—KISKA BAY AND APPROACHES—GENERAL INFORMATION.

Great Kiska island lies in a position about five miles southwestward of the position shown on U.S.H.O.

chart No. 55 and U.S. coast survey chart No. 9100, as as probably do the other islands of the Rat (Krysi) group, except Semisopochnoi. The general trend of the island is north-northeast and south-southwest, with a ridge of mountains as a backbone, the highest portion of which is at the northern end. The shores are hilly and rocky. The approximate position of North-east cape is latitude 52° 05' N. longitude 177° 37' E.

The north coast and the east coast, from North-east cape to Kiska bay, a distance of about 8 miles, is bold, but with numerous points and bays or indentations with outlying rocks to about a maximum distance of 1½ miles. The island appears covered with a green growth but there are no trees.

No very strong currents were encountered on the east coast. The tidal currents undoubtedly prevail, but not to the extent shown to the westward on the charts.

The approach either from Bering sea or the Pacific side should include the sighting of, and location of the ship by Semisopochnoi island and then standing to the northward and westward well clear of Chugal (Tchougoule) and other islands of the group.

The position of the reef shown on the charts between Chugal (Tchougoule) and Great Kiska islands, in about latitude 52° 8' N., longitude 177° 52' E., is believed to be correct. It should be avoided by keeping to the westward and approaching Kiska island rather from the north or a little to the west.

The large rock or small island off North-east cape is a good landmark. Give it berth of about 2 miles. From this position (latitude 52° 5' N., longitude 177° 40' E.) shape a course for the north point of Little Kiska island (latitude 51° 58' 30" N., longitude 177° 34' 40" E.) or a little to the westward. Run about 7½ miles S. 26° W. (S. 34° W. true).

Soundings should run from about 56 fathoms at departure with a rise to about 70 fathoms for about 3 miles, then gradually decrease to 25 fathoms abreast the point. The bottom is generally sandy and the holding ground good.

From this point run S. 55° W. (S. 63° W. true), 1½ miles, then N. 73° W. (N. 65° W. true), 1½ miles, gradually shoaling the water to the anchorage in about 10 fathoms, sandy bottom, rounding the point at the north entrance at a distance of about ½ mile.

The north point of Little Kiska island is bold with deep water close to and has a remarkable geological formation resembling that near Fingals cave, Scotland.

*Kiska harbour.*—There is little or no current in the harbour and no hidden dangers. The shore can be safely approached to 4 fathoms of water and the holding ground is good. The winds from southward and westward have fair sweep down the valley and over the marsh in the southwestern part, but no strong williwaws were experienced.

Light tide rips were seen to the westward of Little Kiska and a tidal current sets north and south through the small pass marked not navigable on harbour plan 1501.

The south shore of the harbour has a fringe of rocks extending out about 100 yards in a general line, and landing from boats is sometimes difficult and dangerous.

There are no inhabitants, and the spot marked Old Village on C. S. chart No. 9191 could not be found. The astronomical observation spot could not be found, the place being covered with graves and rank vegetation and one underground Aleut hut. One of the grave posts had carved upon it with a knife "1891."

A number of cascades are located on the south shore, one of which, near the marsh, is particularly large and would give a fine supply of fresh water.

The whole region is covered with a coarse, heavy, deep grass and a foundation of tundra or thick Arctic moss. A species of berries and wild pea also abound and supply food for wild fowl.

The beaches are fine, black, volcanic sand, and there is sufficient driftwood for a moderate camp fire for about 48 hours.

Game is comparatively plentiful, teal duck, snipe, ptarmigan and wild geese having been found. Cod, halibut and flounders were caught in the harbour and salmon-trout of large size and excellent quality were

found in the lake north of the harbour. A few seal were seen in the harbour and fox trails on shore.

Variation : Found to be  $8^{\circ}$  E. instead of  $11\frac{1}{4}^{\circ}$  E., as shown on the harbour chart.

##### (28.) LOUISBURG HARBOUR—FOG SIGNAL AT OUTER LIGHTHOUSE.

A first order siren, operated by compressed air, has been established by the Government of Canada at the lightstation, on the north side of the entrance to Louisbourg harbour, Atlantic coast of Cape Breton, which will be put in operation for the first time on the 18th instant.

Lat. N.  $45^{\circ} 54' 35''$

The siren is elevated about 50 feet above highwater mark. The engine house, of red brick, with shingled roof painted brown, is situated 35 feet north of the siren house, and is hidden by the knoll from the water.

The siren will give double blasts every two minutes, as follows :—

## SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

ATTENDU que la glace s'est formée tard cet hiver dans les districts des provinces maritimes où la pêche de l'éperlan se fait avec des rets à sac, ce qui a raccourci essentiellement la saison de pêche, et en même temps restreint les opérations des pêcheurs et réduit le rendement de l'éperlan ; et

Attendu que l'on croit que la condition de la pêche permet de prolonger la saison de pêche légale,—

A ces causes il plaît au Gouverneur général en conseil, en vertu des dispositions de l'article 16 de l'Acte des pêcheries, d'ordonner et il ordonne par le présent que le paragraphe (e) de l'article 9 des Règlements généraux de pêche pour la Nouvelle-Ecosse ; le paragraphe (e) de l'article 9 des Règlements généraux de pêche pour le Nouveau-Brunswick ; le paragraphe (e) de l'article 6 des Règlements généraux de pêche pour l'Île du Prince-Edouard, et le paragraphe (e) de l'article 11 des Règlements généraux de pêche pour la province de Québec,—tous établis le 18e jour de juillet 1889, et fixant au 15e jour de février de chaque année la clôture de la pêche de l'éperlan avec les rets à sac,—soient modifiés en prolongeant jusqu'à minuit du 28e jour de février 1902, la saison pendant laquelle cette pêche peut être faite.

Cette prolongation n'est que pour la présente année seulement.

## INSTRUCTIONS, ORDRES IMPÉRIAUX DE L'ARMÉE.

## SOIN DES CHEVAUX DE TROUPE.

L'extrait suivant d'un ordre spécial de l'Armée, daté le 23 de décembre 1901, est publié pour le renseignement et la gouverne de la Milice :—

Le commandant en chef désire attirer l'attention des officiers des troupes à cheval sur l'importance vitale de prendre grand soin de leurs chevaux.

L'efficacité des unités pendant la guerre dépend du bon dressage des individus en temps de paix, et tous les officiers des troupes à cheval doivent considérer le traitement des chevaux comme l'un des plus importants devoirs régimentaires qui leur incombent.

Les pertes anormales de chevaux pendant la campagne sud-africaine sont dues en partie aux exigences militaires, en partie aux difficultés de transport et d'approvisionnement, la rareté de l'eau, les chaleurs extrêmes, et les influences d'un voyage par mer et le changement de climat, mais aussi à l'inexpérience d'une grande proportion des hommes dans le soin de leurs montures, et à un traitement injudicieux.

Tous les soldats doivent bien se pénétrer des instructions suivantes :—

1. Il ne faut jamais garder les hommes à cheval lorsque le service peut être fait aussi bien à pied, et si les officiers insistent à ce que les hommes sous leur surveillance mettent pied à terre chaque fois que la chose est possible, ces hommes s'habitueront à agir ainsi dans

toutes les occasions. En faisant halte même pour quelques minutes, descendre de cheval repose l'homme et le cheval.

2. Parfois les vedettes peuvent faire le guet mieux à pied qu'à cheval, en même temps qu'ils soulagent leurs chevaux, et sont moins visibles à l'ennemi.

3. Sur la ligne de marche, allant au pas, les hommes doivent fréquemment mettre pied à terre et conduire leurs chevaux par la bride.

4. Chaque fois que le terrain le permet, les troupes doivent se déployer, et ouvrir les rangs pour éviter la poussière et permettre à l'air frais de circuler entre eux.

5. Les officiers commandant des colonnes doivent régler le pas sur celui du cheval le plus lent, ou de l'arme la plus lente et doivent étudier le terrain qui convient à chaque division. Sur un terrain dur et plat ou en descendant une côte, les chevaux de trait fatigueront moins que la cavalerie, tandis qu'une surface molle, surtout du sable, ou une longue pente à monter, éprouve plus les chevaux de trait que la cavalerie. Les chevaux qui ont été menés à un train un peu plus accéléré que leur trot ordinaire, ne peuvent facilement répondre à l'appel du galop lorsqu'il s'agit de vitesse.

6. L'importance de donner à boire et manger fréquemment doit être bien comprise. L'estomac d'un cheval est petit, et il ne peut digérer de grandes quantités de nourriture à la fois. Si par nécessité il reste longtemps sans manger, ou s'il est fatigué, la première ration doit être petite, et après quelques heures de repos une plus forte ration lui sera donnée. (*Ordre de l'Armée No. 3 de 1902.*)

## DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

*Dans les provinces de Québec et du Manitoba.*

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

*Dans les autres provinces ou territoires.*

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant

la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque chambre, et porter à l'enclos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de \$200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de \$200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

## PROSPECTUS.

The Exhibition, which it has been decided to hold in Wolverhampton in the Summer of 1902, will be the most important ever held in England since the great Jubilee Exhibition held in Manchester in 1887.

The undertaking has already met with most hearty and widespread support from all classes. The Corporations of Wolverhampton and other important municipalities have given the undertaking their support, and the civic heads have become Vice-presidents of the Exhibition.

The Guarantee Fund now amounts to £28,000.

The site of the Exhibition, which extends to over thirty acres, is part of the beautiful West End Park of Wolverhampton, which has been granted by the Corporation, as well as the adjoining grounds, which have been most generously lent by Lord Barnard.

Wolverhampton, which takes its name from Wulfruna, the sister of Ethelred, is the centre of a thriving and populous district, in which a large variety of trades is carried on. It is within about twelve miles of the City of Birmingham, whilst Walsall, Bilston, Willenhall, Wednesbury, Dudley, West Bromwich, and a number of other important towns are within half an hour's journey. The population within fourteen miles radius is fully one and a half millions, whilst Crewe, Manchester, Liverpool, and the great centres of industry in Wales are within easy access.

The London and North-Western, the Great Western, and the Midland Railway Stations are all within one mile of the Exhibition, which will be connected with them by a constant tramway service.

The scope of the Exhibition is a wide one, and will include a full illustration of the Engineering Industries and Industrial and Scientific Products of the British Empire and of Foreign Countries, special attention being given to the development of Electricity and of Means of Transport and Locomotion, for the display of which accommodation will be provided.

Provision will be made for the entertainment and healthy enjoyment of visitors. Instrumental and Vocal Music, Illuminations, Displays, Sports, and Recreations of many kinds will be arranged, while Restaurants and Tea and other Refreshment Rooms will be liberally provided in the Grounds.

It is requested that all communications in regard to the Exhibition be addressed to the Department of Agriculture, Ottawa.

## NOTICE TO MARINERS.

No. 7 of 1902.

All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

## BRITISH COLUMBIA.

### (20.) BURRARD INLET—ENGLISH BAY—POSITION OF TELEGRAPH CABLE.

On 26th December, 1901, the S.S. "Aorangi" broke the telegraph cable in English bay, by fouling it with her anchor. Masters of vessels are requested on no account to anchor in its vicinity.

The position of the cable has been fixed by Captain C. H. Simpson, R.N., H.M. surveying ship "Egeria," and found to be as follows :—

It leaves the west shore of Stanley park at a point situated S. 55° E., 2,300 feet, from the most westerly point of the park, and first trends S. 27° W., 1,575 feet, where the following bearings fix it :—

Atkinson point lighthouse, N. 85° W.

West point of Stanley park, N. 26° W.

Southwest tangent of the City of Vancouver at point marked "Furniture factory," S. 64° E.

Hence it runs S. 82° W., 8,350 feet, to the following position :—

Northwest tangent of Grey point, S. 37½° W.

Atkinson point lighthouse, N. 80½° W.

Northwest tangent of Stanley park, N. 41° E.

Then S. 45° W., 6,230 feet, to the following position :—

Northwest tangent of Grey point, S. 32° W.

Atkinson point lighthouse, N. 64½° W.

Northwest tangent of Stanley park, N. 42° E.

Hence the cable trends S. 68° W. out of the bay.

Variation used is that of Adm. chart 922, viz. : 23° 25' easterly; but the actual variation is probably 27° E. Source of information : Report of Agent M. & F., Victoria.

### (21.) PORTIER PASS—ROMULUS ROCK—BUOY DISCONTINUED.

The black spar buoy established to mark Romulus rock (see Notice to Mariners No. 100 of 1901, part i) has disappeared, and, owing to the difficulty of keeping a buoy on this danger, will not be replaced.

## ALASKA.

### (22.) UNALASKA ISLAND—DUTCH HARBOUR APPROACHES—PROMINENT MARKS.

In the directions for approaching Dutch harbour, given in U.S. Hydrographic Office Notice to Mariners No. 47 (1339) of 1900, might be included as an additional landmark to westward of cape Cheerful and eastward of Wislow island, the remarkable formation of hills and valley which resembles a natural dry dock with three peaks in a line to southward on the western side, the hollowed part running almost north and south.

Wislow island and this dock formation are by far the best landmarks for Unalaska bay and can be easily identified, together with the ridgelike formation in the neighbourhood resembling a hand spread out with the fingers cut off, cape Cheerful being the stump of the thumb.

A very prominent landmark in coming from the eastward making from Dutch harbour is what appears to be a detached portion of one of the points on the northwest face of Akutan island, which shows open from about south (S. 18° W. true) to S. 22° W. (S. 40° W. true), with a narrow bright chasm and flat cylindrical form of the detached portion.

Variation : 18° E.

Source of information : Lieut. A. C. Dieffenbach, U.S.S. "Concord," through U.S.H.O. N. to M. No. 6 of 1902.

Admiralty charts affected : Nos. 1500, 2460, 2172 and 278.

### (23.) ALEUTIAN ARCHIPELAGO—RAT ISLANDS—KISKA BAY AND APPROACHES—GENERAL INFORMATION.

Great Kiska island lies in a position about five miles southwestward of the position shown on U.S.H.O.

chart No. 55 and U.S. coast survey chart No. 9100, as as probably do the other islands of the Rat (Krysi) group, except Semisopchnoi. The general trend of the island is north-northeast and south-southwest, with a ridge of mountains as a backbone, the highest portion of which is at the northern end. The shores are hilly and rocky. The approximate position of North-east cape is latitude  $52^{\circ} 05' N.$  longitude  $177^{\circ} 37' E.$

The north coast and the east coast, from North-east cape to Kiska bay, a distance of about 8 miles, is bold, but with numerous points and bays or indentations with outlying rocks to about a maximum distance of  $1\frac{1}{2}$  miles. The island appears covered with a green growth but there are no trees.

No very strong currents were encountered on the east coast. The tidal currents undoubtedly prevail, but not to the extent shown to the westward on the charts.

The approach either from Bering sea or the Pacific side should include the sighting of, and location of the ship by Semisopchnoi island and then standing to the northward and westward well clear of Chugal (Tchougoule) and other islands of the group.

The position of the reef shown on the charts between Chugal (Tchougoule) and Great Kiska islands, in about latitude  $52^{\circ} 8' N.$ , longitude  $177^{\circ} 52' E.$ , is believed to be correct. It should be avoided by keeping to the westward and approaching Kiska island rather from the north or a little to the west.

The large rock or small island off North-east cape is a good landmark. Give it berth of about 2 miles. From this position (latitude  $52^{\circ} 5' N.$ , longitude  $177^{\circ} 40' E.$ ) shape a course for the north point of Little Kiska island (latitude  $51^{\circ} 58' 30'' N.$ , longitude  $177^{\circ} 34' 40'' E.$ ) or a little to the westward. Run about  $7\frac{1}{2}$  miles S.  $26^{\circ} W.$  (S.  $34^{\circ} W.$  true).

Soundings should run from about 56 fathoms at departure with a rise to about 70 fathoms for about 3 miles, then gradually decrease to 25 fathoms abreast the point. The bottom is generally sandy and the holding ground good.

From this point run S.  $55^{\circ} W.$  (S.  $63^{\circ} W.$  true),  $1\frac{1}{2}$  miles, then N.  $73^{\circ} W.$  (N.  $65^{\circ} W.$  true),  $1\frac{1}{2}$  miles, gradually shoaling the water to the anchorage in about 10 fathoms, sandy bottom, rounding the point at the north entrance at a distance of about  $\frac{1}{2}$  mile.

The north point of Little Kiska island is bold with deep water close-to and has a remarkable geological formation resembling that near Fingals cave, Scotland.

*Kiska harbour.*—There is little or no current in the harbour and no hidden dangers. The shore can be safely approached to 4 fathoms of water and the holding ground is good. The winds from southward and westward have fair sweep down the valley and over the marsh in the southwestern part, but no strong williwaws were experienced.

Light tide rips were seen to the westward of Little Kiska and a tidal current sets north and south through the small pass marked not navigable on harbour plan 1501.

The south shore of the harbour has a fringe of rocks extending out about 100 yards in a general line, and landing from boats is sometimes difficult and dangerous.

There are no inhabitants, and the spot marked Old Village on C. S. chart No. 9191 could not be found. The astronomical observation spot could not be found, the place being covered with graves and rank vegetation and one underground Aleut hut. One of the grave posts had carved upon it with a knife "1891."

A number of cascades are located on the south shore, one of which, near the marsh, is particularly large and would give a fine supply of fresh water.

The whole region is covered with a coarse, heavy, deep grass and a foundation of tundra or thick Arctic moss. A species of berries and wild pea also abound and supply food for wild fowl.

The beaches are fine, black, volcanic sand, and there is sufficient driftwood for a moderate camp fire for about 48 hours.

Game is comparatively plentiful, teal duck, snipe, ptarmigan and wild geese having been found. Cod, halibut and flounders were caught in the harbour and salmon-trout of large size and excellent quality were

found in the lake north of the harbour. A few seal were seen in the harbour and fox trails on shore.

Variation : Found to be  $8^{\circ} E.$  instead of  $11\frac{1}{4}^{\circ} E.$ , as shown on the harbour chart.

## DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :—

*Dans les provinces de Québec et du Manitoba.*

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

*Dans les autres provinces ou territoires.*

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. L'honoraire de \$200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

#### PROSPECTUS.

The Exhibition, which it has been decided to hold in Wolverhampton in the Summer of 1902, will be the most important ever held in England since the great Jubilee Exhibition held in Manchester in 1887.

The undertaking has already met with most hearty and widespread support from all classes. The Corporations of Wolverhampton and other important municipalities have given the undertaking their support, and the civic heads have become Vice-presidents of the Exhibition.

The Guarantee Fund now amounts to £28,000.

The site of the Exhibition, which extends to over thirty acres, is part of the beautiful West End Park of Wolverhampton, which has been granted by the Corporation, as well as the adjoining grounds, which have been most generously lent by Lord Barnard.

Wolverhampton, which takes its name from Wulfruna, the sister of Ethelred, is the centre of a thriving

and populous district, in which a large variety of trades is carried on. It is within about twelve miles of the City of Birmingham, whilst Walsall, Bilston, Willenhall, Wednesbury, Dudley, West Bromwich, and a number of other important towns are within half an hour's journey. The population within fourteen miles radius is fully one and a half millions, whilst Crewe, Manchester, Liverpool, and the great centres of industry in Wales are within easy access.

The London and North-Western, the Great Western, and the Midland Railway Stations are all within one mile of the Exhibition, which will be connected with them by a constant tramway service.

The scope of the Exhibition is a wide one, and will include a full illustration of the Engineering Industries and Industrial and Scientific Products of the British Empire and of Foreign Countries, special attention being given to the development of Electricity and of Means of Transport and Locomotion, for the display of which accommodation will be provided.

Provision will be made for the entertainment and healthy enjoyment of visitors. Instrumental and Vocal Music, Illuminations, Displays, Sports, and Recreations of many kinds will be arranged, while Restaurants and Tea and other Refreshment Rooms will be liberally provided in the Grounds.

It is requested that all communications in regard to the Exhibition be addressed to the Department of Agriculture, Ottawa.
